25X1A

The second group of tables, 8 pages, [REDACTED] are similar to the first group and are also on forms of the Ministry for Planning. The first five sheets give breakdown by type of project, first for the four Construction Unions, and then for the individual enterprises or groups of enterprises under the Unions. The next three sheets cover projects for the construction of cultural, social, health, and training installations. All figures are in 1,000 Deutsche marks.

25X1A

The third group of tables, 8 pages plus 2 pages of cover memos, all dated [REDACTED] is entitled "Order and Survey List of Installations and Equipment under 1951 investments". The first cover memo is addressed to the Planning Section of the Main Administration for the Construction Industry from the Steel Construction and Construction Mechanics Section of the same Main Administration, and is simply a transmittal. The second is an attachment to the first and summarizes the investment funds for Construction Mechanics approved for 1951. The eight pages of tables list various types of machinery, the quantity and value of the orders, the supplier firm, the order date and delivery date (planned and actual), and various notations. The equipment listed includes mixing machinery, measuring equipment, stonebrushers, lifting equipment, winches, conveyers, locomotives, tipples, special railroad cars, excavators, rails, motor vehicles, construction machinery, pumps, compressors, pneumatic tools, electric motors and other electrical equipment, etc.

25X1A

The last group of tables, 2 pages, carries the heading "Ministry of Heavy Industry, Main Administration for the Construction Industry, Investments Section", [REDACTED] It is entitled "Summary of the Condensed Report on the Investment Plan for 1951, [REDACTED] It lists major and minor projects, with sub-listings for various plants, and gives the total planned figures for 1951 and various other figures such as unpaid bills, status of fulfillment of the financial plan, percentage of frozen funds. Figures are in 1,000 Deutsche marks. These two pages are quite blurred.
